Becky G

I wasn't brought up with the silver spoon in my pocket  
Mama didn't raise no fool  
They're telling em that I'm hot, I say "cool"  
Get your facts straight, I am a Gomez, but no I don't know Sele  
na  
Not a rich kid, but I'm a boss bitch, drive my Toyota like it's  
a Bimmer  
Carpool on that 405, two brothers and I got one sister  
Right next to my dad with his head turned back, shotgun, never  
touched no trigger  
When they see this cover girl, the place get nuts, mother's squ  
irrel  
I'ma let that line sink in for a minute while I'm visitin' anot  
her world  
Blast off, I got a little bit of fuel in my jetpack  
Travellin' to the moon when I get back  
I'ma give it everything, tell em whenever they ring  
That I mean it every time that they said that  
Who they think they're talking to?  
This my town they're walking through

Yes I might get down with a little red lipstick  
But I bleed Dodger blue  
Yes I might get down with a little red lipstick  
But I bleed Dodger blue

Dodger blue, Dod-Dod, Dodger blue  
Yes I might get down with a little red lipstick  
But I bleed Dodger blue  
Dodger blue, Dod-Dod, Dodger blue  
Yes I might get down, down, Dod-Dod-Dod, Dodger blue

LA's all on my back, but the weight won't hurt me  
New Jay's, doin' 2 a day, got Yasiel on my jersey  
And I'm thick skinned, I wanna big win, I don't play the game t  
o get bases  
Was the first rapper on Kemosabe, I don't mean to pick favorite  
s  
Let me go right now, I don't wanna slow down, cause I put my so  
ul in this mixtape  
And when I get that crown, I'ma never put it down  
So I'm gonna get a little bit of shit straight  
Don't let the pretty face fool ya, I know I'm new to this game  
I don't buy beats, I just run em, thank you 2 Chainz

Dodger blue, Dod-Dod, Dodger blue  
Yes I might get down with a little red lipstick  
But I bleed Dodger blue

Dodger blue, Dod-Dod, Dodger blue  
Yes I might get down, down, Dod-Dod-Dod, Dodger blue
