Becky G

Yeah

Look

If I was your girlfriend

You would have to be

Hard to get, I don't like it

When they after me

Let me see if I can fit you with my schedule after 3

I'm 100

You never get half of me

I like pretty boys

And there's something

I should menchin

You can be the one

Be the one

One Direction

I like if you can dance

And I also like nerds

Don't want a smooth talker

I'm already good with words

You tryin' see, If you the one for me

So boy this how it has to be

If I was your girlfriend

I'd have to let you know

I only want the real thing

Never puttin' on show

'Cause I don't call attention

I like keeping it on the low

So If I was your girlfriend

I'd have to let you know

This how it's gonna go

I like it If you got a job

But I got my own cash

And I aint with it if you tryin' to move so fast

I wanna bestfriend

Someone I can laught with

Someone I can spend my season Disneyland past with

No drama

I already get enough

Can't buy my love

I already got a lot of stuff

I'm so classic

So smash bit

So fast pitch

So that's it

You tryin' see, If you the one for me

So boy this how it has to be (what?)

If I was your girlfriend (If I was your girl)

I'd have to let you know (I'd have to let you know)

I only want the real thing (The real thing babe)  
Never puttin' on show (no)

'Cause I don't call attention  
I like keeping it on the low  
So If I was your girlfriend  
I'd have to let you know (I'd have to let you know)  
This how it's gonna go

You said to give you a chance  
You reached out your hand  
But babe!  
Even when after a month won't be calling you my boyfriend

And now  
I'm a power maniac  
How I make the boys melt  
They tryin' talk to me  
But that's just noise now  
And I had to make something  
'Cause the kids felt Mike Posner  
Shoudle've kept single for himself  
Awkward..

If I was your girlfriend  
I'd have to let you know  
I only want the real thing  
Never puttin' on show
