

Grow Up Girl

Becky G

Just grow up
Just, just, grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up

Woke up in the middle of the night
To my parents arguing
Talkin' 'bout how I don't act right
Oh here we go again

Messin' up all the time is not my intention
But it's time to grow up now
Cause I ain't changing

And my mama said
"Oh, no, grow up girl"
I said "Listen, I already know"

Got my phone taken away
I don't really care (just grow up, grow up)
Next time I do something wrong
I'll should be more aware (just grow up, grow up)

"You better get your act straight"
Is what Daddy said
Cause if I do something wrong
I'll be down this road again

And my Daddy said
"Oh, no, grow up girl"
I said "Listen, I already know"

Just, just grow up
Just, just, grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up

(I'll just let you know, you just got to grow x3)

Woke up in the middle of the night
To my parents arguing
Talkin' 'bout how I don't act right
Oh here we go again

And my Daddy said
"Oh, no, grow up girl"
I said "Listen, I already know"

Oh no, hold on

I'll prove to you
What I can do

Just, just grow up
Just, just, grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up

(I'll just let you know, you just got to growx3)

Just, just grow up
Just, just, grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up
Just, just, grow up
Just, just, just grow up, grow up

(I'll just let you know, you just got to grow x3)

(I'll just let you know, you just got to grow x3)
