

Eloween Deowen

Bedouin Soundclash

You know that this smile
To go deep in my life baby
I was born to fly,
Over this ocean darlin'

Maybe we can try,
Someday not later darlin'
I learned another rhythm,
thats over my soul.

And darling hes in town,
Are you all around,
And you don't know why.

Why you run around,
With your broken bones,
And you don't know why.

'Cause there's no secret story there.

I'm no Eloween Deowen,
I'm no Eloween Deowen,
I'm no Eloween Deowen.

You know in the cold,
Lonely and on my day,
I will take you down,
Down to my library, maybe
Maybe we can chat
Someday not later darling
Listen for the rhythm
Sweeps over my soul
And darling hes in town,
Are you all around,
And you don't know why.

Why you run around,
With your broken bones,
And you don't know why.

'Cause there's no secret story there.

I'm no Eloween Deowen,
I'm no Eloween Deowen,
I'm no Eloween Deowen.

I'll know that this sound
Go deeper than skin, baby
I was born to fly
Over your ocean baby
Maybe we can try
Someday not later darling
I just learned a rhythm
soothes over my soul

Darling hes in town,
Are you all around,

And you don't know why.

Why you run around,
With those broken bones,
And you don't know why.

'Cause there's no secret loving there.

I'm no Eloween Deowen,
I'm no Eloween Deowen,
I'm no Eloween Deowen.
