

## Gyasi Went Home

Bedouin Soundclash

Where do you come from boy, could you come anywhere?  
You come from country where water flows free to the sea

I heard the English said, you got the best of it  
When Raleigh washed up and found solid gold in his hands

There was a woman who gave all her pearls,  
The ocean rolling, rolled them from the new world

There was a hill coolie, and a transatlantic slave,  
There came a day when they broke free of their chains,  
Now in country tempers run hot like Caribbean sun,  
Said Gyasi when he went home
