

Jeb Rand

Bedouin Soundclash

Jeb rand, running from bullets of his past,
Jumping from rock to rock,
Just out of grasp.
Often boy, coming from ships across the sea,
Memory is what you know,
Not what you see.

So please understand,
Jeb rand, you're a wanted man.
Shot down by your brother's hand
Jeb rand, run out of this land
He won't stop until you can understand

jeb rand, fighting time with all his might,
A desert wind plus ten thousand guns blazing in the night

So please understand,
Jeb rand, you're a wanted man.
Shot down by your brother's hand
Jeb rand, run out of this land,
He won't stop until you can understand.
Understand. -stand.

So please understand.
Jeb rand, you're a wanted man.
Shot down by a brother's hand
Jeb rand, run out of this land
He won't stop until you can understand.
