

Midnight Rockers

Bedouin Soundclash

In the city comes a cross town transfer
From the ghetto on the backs of the Stilettos
As scenester kids look for new school shockers
on the horizon comes a midnight rocker

and you're a midnight rocker
Then get yourself together

In the city its a monsoon weather
Through the rain i hear the calls of selctors
Deep in the ciry high above these wallas
Through the rain i can hear those calls

Get yourself together
