

Shadow Of A Man

Bedouin Soundclash

Let this room shine through the night,
Until the bed is claimed by daylight

In so far as it goes, in so far as I know,
Walking down our back streets, I will be home in too long

I saw a man standing on that hill, walking around like he's got
no one,
When you go I've got no soul, where has your soul gone to?
My shadow is coming through
