

## St. Andrews

### Bedouin Soundclash

(Spoken) Speak the truth and speak 'ever  
Cost it what it will  
For he who hide the wrong he did  
Did the wrong thing still

Come back sweet St. Anne, come love me again  
Cause I'm broke again, broke, broke  
Yeh I'm broke again, broke, broke  
And down on St. Andrew  
I'll buy it back from you  
But you ain't no lover, lover, lover  
No, no your just a pusher, pusher, pushing, pushing

I've been down to St. Andrew  
To pay for my sins on you  
Love come save me  
Love come save me soon

Now I've sung midnight choirs  
With beatsets, drunks and liars but there's never fighting, fighting,  
fighting  
No never got higher, higher, higher  
So long since I walked a road  
Amongst these midnight souls  
They were only stealing, stealing, stealing

Yeah we're stealing for feeling, feeling, feeling

I've been down to St. Andrew  
To pay for my sins on you  
Love come save me, love come save me soon

Yeah love come save me soon  
Love come save me soon  
Yeah love come save me  
Love come save me soon

One day my time will end  
And who I've been I've been  
And bells they are ringing, ringing, ringing  
Yeah the band it is marching, marching, marching, marching

I've been down to St. Andrew  
To pay for my sins on you  
Love come save me  
Love come save me soon  
Yeah love come save me soon  
Yeah love come save me soon  
Yeah love come save me  
Yeah love come save me soon, soon
