

Stand Alone

Bedouin Soundclash

Oh sister down on the floor
Enemy is at your door
She stood during her civil war

I won't go until I stand alone
I won't go
I won't go until I stand alone
I won't go
I won't go until I stand alone

So, when my back's to the wall
During the relentless squall
I can hear her morning's call

I won't go until I stand alone
I won't go
I won't go until I stand alone
I won't go
I won't go until I stand alone

Yeah
Stand Alone So
I won't go
I won't go until I stand alone

Yeah
And when the storm breaks
and when the earth quakes
you make the humor last
tied to the ship's mast
your storm will soon pass
standing alone you won't be there

I won't go until I stand alone
I won't go
I won't go until I stand alone
I won't go
I won't go until I stand alone

Stand Alone
I won't go
I won't go until I stand alone
