Be who you are
Don't ever change
The world was made to measure for your smile
So smile.

Those crazy dreams
we threw, we threw away
I never been alone with you
I never could
They say

That love will find a way
And love will never be set free
I won't ever let you be
You could not understand
You never will

Be who you are
I bless I bless your name
And all that summer madness caused the rain
And we. we

The glory that we made
My love will grace the halls of time
A love that never can be mine
You could not love me then
I love you still

Be who you are Seize life and find a way And I will be that shadow loving who you are Be who you are We were
