## **Children of the World**

Ah ah ah ah We are children of the world , watching every day go by. Changes my life, changes your life, keeps us all anticipating.

Ah ah ah ah We are searchers of the truth, every man's a boy deep down. Gotta say it how you mean it, there ain't no easy way.

Like a bird in the wind, like a tree in the storm, like the breath of a child from the moment he's born to the very last day when the curtains are drawn.

Ah ah ah ah We are children of the world asking every question why, from arrival to survival just to make it worth the waiting.

Ah ah ah ah We are faces in the night watching every day go by. Changes my life, changes your life, there ain't no easy way.

In the back of your mind there is always a mark. There's a wandering solo alone in the dark. You can keep it forever or tear it apart.

Ah ah ah ah We are children of the world watching every day go by. Changing my life, changing your life, keeps us all anticipating.

Ah ah ah ah We are children of the world watching every day go by.

Like a bird in the wind, like a tree in the storm, like the breath of a child from the moment he's born till the very last day when the curtains are drawn.

Ah ah ah ah We are children of the world watching every day go by. Changes my life, changes your life, keeps us all anticipating.
