

# Fallen Angel

Bee Gees

Fool in the night on the stair with the light by the window  
Out in the jungle of life she was, yearning to go  
All of the years I've been there for the tears, she will sell y  
ou  
Out in the city she searched for the face that she knew

Did you believe that a love so alive  
Could be over?

Caroline, fallen angel, Caroline  
Oh oh oh, oh oh oh, oh oh oh oh  
Fallen angel, I'm so lost  
Tonight, lonely tonight, lonely tonight

Fool is the father who clings to the child he is losing  
Mother too weary to question wisdom of youth  
There with your head in your hand as you pray to her picture  
Out in the rain she would search for somebody to hold

Did you believe you could find  
What you need with a stranger?

Caroline, fallen angel, Caroline  
Oh oh oh, oh oh oh, oh oh oh oh  
Fallen angel, I'm so lost  
Tonight, lonely tonight, lonely tonight

Did you believe that a love so alive  
Could be over?

Caroline, fallen angel, Caroline  
Oh oh oh, oh oh oh, oh oh oh oh  
Fallen angel, I'm so lost  
Tonight, lonely tonight, lonely tonight

Caroline, fallen angel, Caroline  
Oh oh oh, oh oh oh, oh oh oh oh  
Fallen angel, I'm so lost
