

# Follow The Wind

Bee Gees

I'm so weary from holding this load  
But it's only, love for you, that I walk this lonely road  
I must follow the wind, follow the wind  
And the wind will take me hold before the cold

Ev'ry stay I have counted  
Each flower I have seen  
But the place where I'm going, there's no grass as green  
I must follow the wind, follow the wind  
And the wind will take me home where I can dream

In the hour I am lonely, you're love will be mine  
I will stay in your arms dear, until comes the time  
I must be on my way for my home is anywhere  
I have no time to stay, I have no time to care  
I must follow the wind, follow the wind  
As the wind gently blows in my hair

I must follow the wind, follow the wind  
As the wind gently blows in my hair  
I must follow the wind, follow the wind  
As the wind gently blows in my hair
