

# Giving Up The Ghost

Bee Gees

There's a young girl lost  
On the edge of town  
Don't see no future, it's blind  
Don't give up  
When you're upside down  
You just keep it inside...

You know we all cry...  
When we're alone  
Someone like you  
And the promise that we won't be

Giving up the ghost  
Giving up the ghost  
Never you and I  
Giving up the ghost

Giving up the ghost  
We can never stop  
Giving up the ghost

Don't be a hero  
In the name of love  
Don't leave me waiting in line  
No ties that bind  
No ball and chain  
The ghost is waiting outside

I'm searching so high  
I'm searching low  
Someone like you  
Baby I'm not...

Giving up the ghost  
Giving up the ghost  
Never you and I  
Giving up the ghost

Giving up the ghost  
We can never stop  
Giving up the ghost

You know we all cry  
When we are alone  
Someone like you  
We know oh,  
I'm searching so high  
I'm searching low  
Someone like you  
We know oh, oh, oh

Giving up the ghost  
Giving up the ghost  
Never you and I  
Giving up the ghost
