

Saw a New Morning

Bee Gees

All of a sudden I saw a new morning
I'm locked up I wanna be free
Out in the courtyard and over the wall then
My friends are waiting for me

Sixteen people are waiting to get me
Hoping to take me outside

I hear the sound of the snub nose behind me
I went along for the ride

Wind in my face and my bones they are aching
My soul must weather the storm
I must run till my back it is breaking
Desperately I must keep on

Sixteen people are waiting to get me
Hoping to take me outside

I hear the sound of the snub nose behind me
I went along for the ride

All of a sudden I saw a new morning
I went along for the ride

All of a sudden I saw a new morning
All of a sudden I saw a new morning
All of a sudden I saw a new morning

I saw a new morning
I saw a new morning
I saw a new morning
...
