

# Spicks And Specks

Bee Gees

Where is the sun that shone on my head  
the sun in my life it is dead it is dead  
Where is the light that would play in my streets  
and where are the friends I could meet I could meet  
Where are the girls I left all behind,  
the spicks and the specks of the girls on my mind  
Where is the sun that shone on my head  
the sun in my life it is dead it is dead

Where are the girls I left all behind  
the spicks and the specks of the girls on my mind

Where are the girls I left all behind  
the spicks and the specks of the girls on my mind  
Where is the girl I loved all along  
the girl that I loved she's gone she's gone  
All of my life I call yesterday  
the spicks and the specks of my life've gone away  
All of my life I call yesterday  
the spicks and the specks of my life've gone away

Spicks and specks,  
spicks and specks,  
spicks and specks,  
spicks and specks.
