

Spicks And Specks

Bee Gees

Where is the sun that shone on my head
the sun in my life it is dead it is dead
Where is the light that would play in my streets
and where are the friends I could meet I could meet
Where are the girls I left all behind,
the spicks and the specks of the girls on my mind
Where is the sun that shone on my head
the sun in my life it is dead it is dead

Where are the girls I left all behind
the spicks and the specks of the girls on my mind

Where are the girls I left all behind
the spicks and the specks of the girls on my mind
Where is the girl I loved all along
the girl that I loved she's gone she's gone
All of my life I call yesterday
the spicks and the specks of my life've gone away
All of my life I call yesterday
the spicks and the specks of my life've gone away

Spicks and specks,
spicks and specks,
spicks and specks,
spicks and specks.
