

Subway

Bee Gees

Take me to the subway
Ooh, take me to the subway

It ain't far away, but the night is mine, like it fine, gonna s
tay
See you in the morning
Gotta rush, get a bus, make a fuss
Gimme some loving in the morning

Ooh, she makes me feel so good
Instant reaction and ready for love
I got no work, no sweat, no strain
I got to make it to the midnight train

So take me to the subway
Ooh, take me to the subway

Ooh, city life is bittersweet
I don't care, take me there on the street, freedom in the city
Gotta ride, goin' down underground, watch me slide
Loving in the city

Ooh, she makes me so complete
Heavy in love and light on my feet
I got no work, no sweat, no strain
I got to make it to the midnight train

So take me to the subway
Ooh, take me to the subway

Ooh, ain't it far away, but the night is mine, like it fine, go
nna stay
See you in the morning
Gotta rush, get a bus, make a fuss
Gimme some loving in the morning

Ooh, she makes me feel so good
Instant reaction and ready for love
I got no work, no sweat, no strain
I got to make it to the midnight train

Take me to the subway
Ooh, take me to the subway
