

Technicolor Dreams

Bee Gees

Now, I've been accused of going Hollywood
Chasing some cinematic schemes
But I'll give you Panavision pictures
'Cos you give me Technicolor dreams

Up there, walking on air
I'd like to show you how
I loved you way back then
As much as I need you now

Some people like to send the world away
Some sunlight on some silver beams
And I'll give you Panavision pictures
'Cos you give me Technicolor dreams

Oh wow, look at us now
All of our dreams fulfill
I would implore you still
From under your windowsill

Sometimes, I'd like to send the world away
Some sunlight on some silver beams
So I'll give you Panavision pictures
'Cos you give me Technicolor dreams
Technicolor dreams

I'll give you Panavision pictures
'Cause you give me Technicolor dreams

Go far, follow your star
I'll help you climb that hill
I would adore you still
From under your windowstill

Sometimes I'd like to send the world away
Some sunlight under some silver beams
So I'll give you Panavision pictures
'Cause you give me Technicolor dreams
Technicolor dreams
