

Then You Left Me

Bee Gees

I never ask for any time from you baby
I never ask for any lies
You only hurt the one you love the most baby
You only had to make me cry

'Cause you left me
All alone
Oh you left me
To stand alone

Hey! And every night I sit beside my bed baby
And I keep thinking of your love
The things we dreamed about how much I love you baby
We had the world and the stars above

But then you left me
All alone
Oh you left me
You left me
To stand alone

Aah you left me
To stand alone
Aah you left me
To stand alone

You left me
You left me
You left me
You left me
