

# Timber!

Bee Gees

When I first saw you standing there  
You set my heart a-reeling  
Baby, you gave me such a feeling  
My heart cries timber, timber, timber, timber  
Timber baby 'cause I'm a a-fallin' for you  
Yeah, yeah, yeah

Well, it happens ev'ry time I look in your eyes  
Baby, it's paradise  
My heart cries timber, timber, timber, timber  
Timber baby 'cause I'm a-fallin' for you  
Yeah, yeah, yeah

Well, I wish that you were mine to be forever and ever  
Without you darling I just can't sleep  
I'm only happy when we're together

I guess it's time that I told you so  
I'll always want to hold you  
Baby, have I ever told you  
My heart cries timber, timber, timber, timber  
Timber baby 'cause I'm a-fallin' for you  
Yeah, yeah, yeah

I wish that you were mine to be forever and ever  
Without you darling I just can't sleep  
I'm only happy when we're together

I guess it's time that I told you so  
I'll always want to hold you  
Baby, have I ever told you  
My heart cries timber, timber, timber, timber  
Timber baby 'cause I'm a-fallin' for you

Whoa, whoa, whoa  
Timber baby 'cause I'm a-fallin' for you  
Whoa, whoa, whoa  
Timber baby 'cause I'm a-fallin' for you
