

# Gangsta Life

Beenie Man

Well you done know,  
When gangsta touch the street,  
Food have fi eat  
It's a gangsta life  
Zagga zow

We squeeze and make cheese  
Bu'n my enemy  
Cats freeze and beg please

Put them on their knee

We seize the opportunities for our families to make Gs

Bu'n the wannabes

We squeeze and make cheese  
Bu'n my enemy  
Cats freeze and make please

Put them on their knee  
We seize the opportunities for our families to make Gs

Straight from the gangsta town  
Kingston, Jamaica, where we hold it down  
Fools get killed for the chi-ching sound  
Ain't got time to be fucking around  
Cause only the strong will survive the streets  
Don't fuck around cause the dogs must eat  
Punks get fucked up on my beat  
Beenie puts it down with the blue steel heat  
Gangsta been through lot of wars  
Most of my niggas live behind bars  
So I'm telling you so-called stars  
Don't come around in your luxury cars  
Fool, I swear you must be flakin  
Come around tellin cats what you're making  
Showing off jewels like they can't be taken  
You must be mistaken  
Gimme dat!

We squeeze and make cheese  
Bu'n my enemy  
Cats freeze and beg please

Put them on their knee

We seize the opportunities for our families to make Gs

Bu'n the wannabes

We squeeze and make cheese  
Bu'n my enemy  
Cats freeze and make please

Put them on their knee

We seize the opportunities for our families to make G's

Well we going straight to your cranium  
From the sanitarium  
Coming to you heavy like I'm powered by uranium  
Unleash my serum  
On a whole stadium  
And wild chickenhead getting high from avilium  
It's like, it's like shit's getting serious  
Cats getting personal  
Actin all precarious  
Niggas from various  
Crews get delirious  
Wonderin if I'm a Gemini or Sagittarius  
Dog this is hideous  
By the way I'm curious  
I moved along so why you getting furious  
Could it be the Grammy tingwhy they are malicing  
Or is it because I link with Dave Kelly why them panicking  
While I'm rocking it  
Beenie Man locking it  
You bitchin like a bitch  
Fool, put a sock in it  
Rude boy cockin it  
Hustler stockin it  
Anywhere I'm playin at  
Ladies will be flockin it

We squeeze and make cheese  
Bu'n my enemy  
Cats freeze and beg please

Put them on their knee

We seize the opportunities for our families to make Gs
