

## Scar

### Before the Dawn

Needles in my nerves  
Nails in my spinal cord  
Acid burns inside my veins  
Blood creating stains  
Limbs with broken bones inside  
Tearing my flesh  
Penetrating through my skin  
I cannot feel a thing

Peeling my skin  
Revealing tissues underneath  
Taste the blood while I breath  
Limbs with broken bones inside  
Tearing my Flesh  
Penetrating through my skin  
I cannot feel a thing

Can't recognise myself  
So torn apart  
The scars and burning marks  
On my skin while the real pain  
Hurts deep within
