

This Is Redemption, This Is Our Lives Washed Clean

Before Their Eyes

Woah, I don't know, how you can forgive me (4x)

This is redemption
This is our lives washed clean

Cover up
All that we've become
Don't let the world
Take the best of you

And I can see a clearing
This will all come to an end
And we'll meet face to face
It will all work out in the end
