

# This Is Redemption, This Is Our Lives Washed Clean

**Before Their Eyes**

Woah, I don't know, how you can forgive me (4x)

This is redemption  
This is our lives washed clean

Cover up  
All that we've become  
Don't let the world  
Take the best of you

And I can see a clearing  
This will all come to an end  
And we'll meet face to face  
It will all work out in the end
