

Heart Like California

Before You Exit

She's got a heart like California
And a smile like a Hollywood dream
She's like a sunset back in Florida
And a top-down summer breeze

Take it back to the night that we met
She was standing there in a little black dress
I was playing it cool trying hard to impress
She was driving me crazy

I remember she was looking at me
I was looking back thinking how could this be
She was doing her best to make it hard for me to breathe
I was feeling so crazy

Like na na na na na na
Show me how to get a girl like that
Na na na na na na
So she can love me right back

She's got a heart like California
And a smile like a Hollywood dream
She's like a sunset back in Florida
And a top-down summer breeze

We'd be cruising through LA
Stopped on the freeway
Doing what we wanna do
And I'm gonna be there for her

'Cause I'm in love with a girl with a heart like California
Woo ooh ooh woo ooh ooh
Heart like California
Woo ooh ooh woo ooh ooh
Heart like California

There we were I remember that time
She was singing loud we were feeling alright
And I think she knew on the way that
She might have been driving me crazy

Like na na na na na na
Show me how to get a girl like that
Na na na na na na
So she can love me right back

She's got a heart like California
And a smile like a Hollywood dream
She's like a sunset back in Florida
And a top-down summer breeze

We'd be cruising through LA
Stopped on the freeway
Doing what we wanna do
And I'm gonna be there for her

'Cause I'm in love with a girl with a heart like California

Woo ooh ooh woo ooh ooh
Heart like California
Woo ooh ooh woo ooh ooh
Heart like California

We'd be out until sunrise
And we'd be dancing all night
Even if I'm just dreaming
Of being with her you know I'm still gonna try
We'd be driving on sunset
And we'd be doing it right
And I'm getting this feeling
When I'm with her
I'm in love with a girl with a

Heart like California
And a smile like a Hollywood dream
She's like a sunset back in Florida
And a top-down summer breeze

She's got a heart like California
And a smile like a Hollywood dream
She's like a sunset back in Florida
And a top-down summer breeze

We'd be cruising through LA
