

Letting Go

Before You Exit

Who said this life was set in stone?
I didn't, I'm going out on my own.
I can't tell you where I'm headed,
but I know I'm gone.
Not always right, but I'm not always wrong.

I was meant to do just what I'll have to.
No time to be afraid to try.

I'm going places I've never been (before).
I think I'm finally making it (out the door)
I'm doing things that I've never done.
It's not just about having fun.

Cause I've been wasting so much time holding on,
holding on.

Now I'm letting go!

I make my way one dream at a time,
eyes closed, and losing my mind.
My life's in bags packed up in the back.
It's time, to pick up the slack

I was meant to do just what I'll have to.
No time to be afraid to try.

I'm going places I've never been (before).
I think I'm finally making it (out the door)
I'm doing things that I've never done.
It's not just about having fun.

Cause I've been wasting so much time holding on,
holding on.

Now I'm letting go!

And I know just what it's like,
to be out and on my own.
And I know when it is time to let go!
To let go!

I'm going places I've never been.
I think I'm finally making it, out the door!
I'm doing things that I've never done.
It's not just about having fun.

I'm going places I've never been (before).
I think I'm finally making it (out the door).
I'm doing things that I've never done.
It's not just about having fun.

Cause I've been wasting so much time holding on,
holding on.

But now I'm letting go!
