Listen To Your Heart

I know there's something in the wake of your smile I get a notion from the look in your eyes...yeah You've built a love but that love falls apart Your little piece of heaven turns to dark

Listen to your heart when he's calling for you Listen to your heart There's nothing else you can do I don't know where you're going, and I don't know why But listen to your heart before You tell him goodbye

Sometimes you wonder if this fight is worth while The precious moments are all lost in the tide They're swept away and nothing is what it seems The feeling of belonging to your dreams

Listen to your heart when he's calling for you Listen to your heart There's nothing else you can do I don't know where you're going, and I don't know why But listen to your heart before You tell him goodbye

And there are voices, that want to be heard So much to mention but you can't find the words The scent of magic, the beauty thats been When love was wilder than the wind

Listen to your heart when he's calling for you Listen to your heart Theres nothing else you can do I don't know where you're going, and i dont know why But listen to your heart before you tell him goodbye

Listen to your heart I dont know where your going and i dont know why But listen to your heart before you tell him goodbye
