Setting Things Right Again

Behind Enemy Lines

I am George W. Bush and you best not cross my path

Because now I have the backing and you're going to feel my wrat $\ensuremath{\mathbf{h}}$

The Christian right adore me because I swore to carry out god's will

Can you believe that they're my strongest support considering h ow I love to kill?

They can live with murder on death row but not Roe vs. Wade So I promised them if they got me elected some changes would be made

So now those irresponsible teenagers will be forced to have a k id

It makes no difference to me I don't sleep around like Clinton did

Are we now to regress back to the Reagan years, the ruling elit e's wet dream?

Where capital punishment is viewed as civilized but art and mus ic as obscene

Claiming that they're for less government rule in livelihood as they set the stage

To tip the scales in the companies favor, freeze the minimum wa ge

Fight to reinstate prayer in public schools and make the christ ians proud

Appoint Supreme Court justices who will insure that abortion is disallowed

Cutting all of the medical coverage for those inflicted with A. I.D.S.

And push the gays back in the closet in hopes that their moveme nt fades

I can't relate to homosexuals so I'll keep same sex marriages b

In fact the only dick I like is my second in command You may remember Mr. Cheeney he was one of my daddy's peers And he'll really be an asset if he can live for four more years

He's a veteran of the trenches so I put him on my team

Because it's time to bring back all the tactics of the Reagan-Bush regime

With Jeb's help I stole the election and brought the liberal er a to an end

And although the left-

wing will not like it I'm going to set things right again They initiate absurdity that to them makes perfect sense

Cut out every social program and simultaneously build up our de fense

That they'll mostly use for internal conflict, like when the ac tivists 'attack'

And the provoked protectors of the law have no choice but to fi

ght back

When assessing what the problem is their lack of judgment never fails

And the only answer that they have is to build more jails Every time the standard of living drops and a rise in crime ensues

They never attribute it to survival but a lack of family values I'm here to restore dignity to the Whitehouse once again And I can't do that in reality so I'll guess I'll just pretend It's no big shock that I'll starve the poor and cater to those with wealth

In fact the only thing that may surprise you is that I manage to dress myself

I am definitely not the brightest man my brain is pretty lame The only reason I made it this far is that I have my daddy's na me

But as long as I'm your president you better learn to pray It could only happen in America , god bless the USA
