

Lights Down Low

Bei Maejor

Lil' mama want her hair pulled,
Legs pushed back.
Only like a Rottweiler in the kitty cat.
She want it wild, shawty wanna scream.
Want it from the front, back, side, and in between.
Want it all the time, she a feign.
So good, I see it in my dreams.
She wanna arch her back when I hit it,
When I do it mama wanna holla get it, she said

Take it slow, put it down on me.
I said jump on it, ride like a pony.
Lights down low, time to get naughty.
Lights down low, t-t-time to get naughty.
Take it slow, put it down on me.
Baby jump on it, ride like a pony.
Lights down low, time to get naughty.
Lights down low, l-l-l-lights down low.

And we gon' get it on.
We gon' get it on.
I know what you want.
Yeah, I know what you want.

Lil mama, hol' up where they do that at?
Wanted more than one round, that's a fact.
Ding ding, body shots from the back.
Shawty wanna do an all night match
Ready to rumble baby.
She wanna get a kiss
She ain't talkin' bout her lips.
Lil mama want somebody to take control-ol.
She say I'm out cold.

Take it slow, put it down on me.
I said jump on it, ride like a pony.
Lights down low, time to get naughty.
Lights down low, t-t-time to get naughty.
Take it slow, put it down on me.
Baby jump on it, ride like a pony.
Lights down low, time to get naughty.
Lights down low, l-l-l-lights down low.

And we gon' get it on.
We gon' get it on.
I know what you want.
Yeah, I know what you want.

Take it slow, put it down on me.
I said jump on it, ride like a pony.
Lights down low, time to get naughty.
Lights down low, t-t-time to get naughty.
Take it slow, put it down on me.
Baby jump on it, ride like a pony.
Lights down low, time to get naughty.
Lights down low, l-l-l-lights down low.

And we gon' get it on.
We gon' get it on.
I know what you want.
Yeah, I know what you want.
