

## Like Whoa

Bei Maejor

When I first saw you boy, all I could say was whoa  
See boy you're hot hot, I want your body right now  
When I first saw you girl, all I could say was whoa  
You look so sexy mean, you took that to floor  
I wanna be your girl, just wanna have some fun  
I'm gonna rock your world, so let me touch that ass  
Now lady, we hold on, I'm trying to be your man until you scream ah  
Whole neighbors understand

I like your style, I like your style  
Come to my hotel room right now  
I like your style, I like your style  
Come to my hotel room for a while

Baby baby come on, what you're waiting for?  
Tonight I'm all yours, yeah baby come on  
Baby baby come on, what you're waiting for?  
Want you so bad, cause you got that sexy body like whoa,

I wanna give you kiss, your is on my mind  
You're grabbing on my hips, coming up from behind  
Oh just excuse my hands I can't keep them off you  
You looking like hot what I'm supposed to do  
Oh, it is not a problem I like them hands right there  
Sometimes I'm a good girl, right now I just don't care  
You don't care, I don't need to, I like to catch a fever  
Burning down on the floor, you got that body like whoa

I like your style, I like your style  
Come to my bedroom right right now  
I like your style, I like your style  
Let's go to your room right now

Baby baby come on, what you're waiting for?  
Tonight I'm all yours, yeah baby come on  
Baby baby come on, what you're waiting for?  
Want you so bad, cause you got that sexy body like whoa,

If I am mister 3 o 5, beat to the money  
like Kylie, like Kylie

Baby baby come on, what you're waiting for?  
Tonight I'm all yours, yeah baby come on  
Baby baby come on, what you're waiting for?  
Want you so bad, cause you got that sexy body like whoa.
