

Oskorei

Bel Canto

It was a game.
Flashback from my unknown past.

As this happened
Will it happen
Was it only in my dream?

Wanting,
Needing,
Something that may be real

Live my life
'til I die,
Although we may never meet

Have I known you?
Will I know you?
Are you everything I seek?

Needing,
Wanting,
Something I cannot reach

Live my life
'til I die,
Although we may never meet.

'cause there you are
And here am i
In my oskorei

Flashback from my unknown past...
