

# Transfection

Believer

Brave this world  
Toss and turn  
The skin that burns  
Curse the ones that save us

Welcome to my world  
It's 3 o'clock AM

Truth in lies  
Cryptic eyes  
Unconscious cries  
You have to trust me, I'm you

Welcome to my mind  
I'm blacking out again

Invaded years  
Blood-soaked ears  
Betrayed by fears of breaking

Welcome to my world  
It's 3 o'clock AM  
Welcome to my mind  
I'm blacking out again
