

## La Luna

Belinda Carlisle

I remember when I met you  
All the stars were hanging in mid-air  
In these moments - nothing mattered  
But the way you caught me in your stare  
We were walking - we were talking  
We were laughing about the state of our lives  
How our fates brought us together  
As the moon was rising in your eyes

On and on the night was falling  
Deep down inside us  
On and on a light was shining right through

Ah La Luna La Luna  
The night that we fell under the spell of the moon  
Ah La Luna La Luna  
The light that will bring me back to you  
The light of La Luna

In the hotels, in the cafes  
All the world was made with romance  
In the harbor moonlit water  
All the ships were swaying in a dance  
Then you held me and you kissed me  
And I knew I had to be with you  
You didn't ask me you just took me  
to the tiny bed in your tiny room

On and on the band was playing  
A song of surrender  
On and on the sun would soon break thru

Now I walk along the streets of Marseilles  
the winter sky is cold and gray  
and I don't know why I left you that day  
And I don't know where you are
