

## Vision of You

Belinda Carlisle

Time moves a summer wind  
I can see your face again  
Was it such a tragedy  
Being you ... Being me?

Smoke clears, the pictures fades  
but I stay back in yesterday  
All the strangers come and go  
All of them will never know ...

Nobody's touch feels like your touch  
Nobody's gets to me that much  
Nobody's kiss moves me inside  
And I have nowhere left to hide  
Tell me what can I do?  
I have a vision of you  
Tell me what can I do  
With this vision of you

Did I walk? Did you run?  
What's the way to love someone?  
Oh my Darling did we know  
What it meant when we let go

How can a candle ever burn so bright?  
Casting a shadow on my life  
I am blinded by your light  
Even without you
