

## Blue Rinse Baby

Bell X1

In the womb  
Back in playschool  
In the yard  
Where it first got hard  
Button moon  
On a Tuesday at noon  
Bagpuss gave me the fear  
But as if by magic she appeared

Through rose coloured glasses  
I fall  
Fall foul of the masses

Melodrama  
In Valderrama  
Twenty-something blues  
What on earth will I do  
Copulation  
Ingratiation  
I reach for the stars  
And wherever you go  
There you are

Through rose coloured glasses  
I fall  
Fall foul of the masses  
I know  
You're the one to save me  
And I hope
