

## Tongue

Bell X1

This one's for you  
This one's for me  
This one's for you  
This one's for me

I've got a nervous feeling over you  
But who am I fooling,  
I like airline food

I need to feel whole  
I need to feel young again  
I need to be bold  
And start using my tongue again

They can laugh as they cry  
They can cut till I bleed  
But I ain't losing  
'cause this one's for me
