Blow The System

Bella Thorne

Play or not play it to me Jump the beat, make it hard to knew me Don't waste my time, you lose me Let's go!

Come close to be on a journey On the mainlight streets you know me It's about that time to show me

I just want what's mine Make me come alive Let's go for a ride...

You know the time is right Let's take the morning flight Let's reach for the sky...

Higher, higher, higher Higher, higher, higher, higher... Louder!

I got the burning fever And the dance floor when I need that Turn it up and bump the speaker The volume's way too low

Just keep up, put my rhythm Let you just blow the system B-bl-bl-blow the system Come on now, here we go! (Go, go...)

Shh! Quit talking to me
I'm a boss, gotta rush it to me
Make the bass line blowing through me
(Blowing through me, blowing through me)

Come close to be on a journey On the mainlight streets you know me It's about that time to show me (Time to show me, time to show me...) Haha

I just want what's mine Make me come alive Let's go for a ride...

You know the time is right Let's take the morning flight Let's reach for the sky...

Higher, higher, higher, higher, Higher, higher, higher, higher, Higher, higher (woo), higher, higher, Higher, higher, higher... Louder!

I got the burning fever And the dance floor when I need that
