

One More Night

Bella Thorne

Here comes the rebel inside
It's coming alive, it's coming alive
Can't stop, we're ready to fly
It's do or die, we're born to ride

Cause I'm gonna dance like I've got no regrets
Gonna make a night I won't forget
I'm hanging on a razor's edge
The edge, the edge

Give me, give me one more night
We goin' til we drop
We make it stupid hot
Show 'em what we got
Give me one more night
We goin' super hot
We're shooting like the stars
Just give me, give me one more night

One more night
One more night
One more night

James dean that's how we'd be
Living fast
Built for speed
Caught lose wild and free
Forever young
We're DTP

Cause I'm gonna dance like I've got no regrets
Gonna make a night I won't forget
I'm hanging on a razor's edge
The edge, the edge

Give me, give me one more night
We goin' til we drop
We make it stupid hot
Show 'em what we got
Give me one more night
We goin' super hot
We're shooting like the stars
Just give me, give me one more night

One more night
One more night
One more night

Cause I'm gonna dance like I've got no regrets
Gonna make a night I won't forget
I'm hanging on a razor's edge
The edge, the edge

One more night
One more night
One more night
One more night

Give me, give me one more night
We goin' til we drop
We make it stupid hot
Show 'em what we got
Give me one more night
We goin' super hot
We're shooting like the stars
Just give me, give me one more night
