

Me & You

Belle Perez

The sunshine and the music hÃ©hÃ©
Me and you and summertime blue
Singin' hey nana ho nana

Me and you and summertime blue
Singin' hey nana ho nana

From the moment that we met
Oh girl I can forget
The way you smile oh no
Let me tell you how it feels
To fall in love head over heels
I like your style

The sunshine and the music make the girl fine
She wants to make love all of the time

Me and you and summertime blue
With your lovy dovy sunny funny face
I love you
Me and you and summertime blue
Singin' hey nana ho nana he nana hohoho

The sunshine and the music

Let me take you to the sea
I want to make love with you, baby
All night long oh

Let your body flow
Oh I love you so
This can't be wrong

The sunshine and the music make the girl feel fine
She wants to make love all of the time

Me and you and summertime blue
With your lovy dovy sunny funny face
I love you
Me and you and summertime blue
Singin' hey nana ho nana he nana hohoho

Me and you and summertime blue
Singin' hye nana ho nana

Me and you and summertime blue
With your lovy dovy sunny funny face
I love you
Me and you and summertime blue
Singin' hey nana ho nana he nana hohoho
