

Give me the strength  
To carry through  
Give me the breath  
To do what I got to do  
Give me the strength  
To carry through  
Give me the breath  
To do what I got to do  
I understand that the world is bigger  
Than I ever thought possible  
I recognize my action knock on you  
Even if I've never met you  
I don't have to see you to know you exist  
I don't have to meet you to feel your suffering  
Want to make a difference don't know where to start  
Well it ain't in oblivion  
You're not at the bottom  
You're not at the top  
You're just part of something bigger than all of us  
Collectively we choose, what  
Give me the strength  
To carry through  
Give me the breath  
To do what I got to do  
Give me the strength  
To carry through  
Give me the breath  
To do what I got to do  
There comes a time when all the lights are on  
When the time is right to start things off  
That's time that you're got to get along  
Bare down, bare down  
There are times that I can't quite explain  
Why it works and why it can't be the same  
How it's going to be, the future's not clear to me  
And we're stuck in this like everybody else  
Trying to find away that doesn't step on toes  
I'm happy to get along minding my own  
Head down, head down  
Give me the strength  
To carry through  
Give me the breath  
To do what I got to do  
Give me the strength  
To carry through  
Give me the breath  
To do what I got to do  
Oh give me the strength  
To carry through  
Give me the breath  
To do what I got to do  
Oh give me the strength  
To carry through  
Give me the breath  
To do what I got to do
