

Judas My Heart

Belly

Where I live
There's a blanket of gauze and it covers the scars
Of the drunks who are hungry as ever
Where I live
There's a blanket of sighs and it covers the stars
In my heart, I'm as hungry as ever

This is the room where we met
Where I live
There's a lady who walks everywhere on her hands
Doesn't trust where her feet want to take her
(Not in here)
This is the room where we met
(Not in here)
This is the dress I had on
This is not the moment you fear
When you wake up and no one is there

Low hangs the moon inside this room
So that I'm a witness when you Judas my heart
Judas my heart

Where I live
There's a blanket of sighs and it covers the stars
In my heart, I'm as hungry as ever
Where I live
I'm afraid that I walk everywhere on my hands
I don't trust where my feet want to take me
(Not in here)
This is the room where we met
(Not in here)
This is the dress I had on
This is not the moment I fear
I say "I" 'stead of "she" now you're here

Low hangs the moon inside my room
So that I'm a witness when you Judas my heart
Judas my heart

Can I get a witness when you do this to my heart again?
Can I get a witness when you Judas my heart again?
Where I live there's a lady who walks everywhere on her hands
just like me
Doesn't trust where her feet want to take her again
And her feet want to take her again
She loves me
Yeah, yeah, yeah
