

Fuck Me Back To Life

Beloved Enemy

get down
settle the bill and pay me back for what I've done to you
yeah fucking goddess - queen of a bitch

I want you begging for more
hit on me
turn me on and
get down settle it up coz I've got you
under my skin

get down on your knees
I'm gonna spank your soul
can't fuck around with you forever
get down on your knees
you have to worship me
can't fuck around with you forever

fuck
spank my rotten soul
get down, fuck me, worship
fuck
spank my rotten soul
get down, fuck me, worship
fuck me back to life

get down
settle the bill
and worship
what is left of me
get down
pay the bill
worship
fuck me back to life
get down
settle it up
worship
our fucking lust
get down
settle the bill
coz I've got you
under my skin

watch me, out of the grave, and pay me back for what I gave to you
get down settle the bill -- now
I'm back, coming for more
out of the mud - knocking at your door
get down settle it up coz I got you
under my skin...

get down on your knees - down

falling down
and your flesh will wither like the stains on the sheets
we're falling down
all the world is fading like a song still unsung

falling down

we're falling down
falling down
we're falling down

get down...
