

Blackest Ecstasy

Belphegor

With a crucifix I smash her body
The deformation is grotesque
My passion crawls for your flesh
The ritual can begin

Turn the cross upside down
Into her bleeding cunt
Urinate in her mouth
Hack and fuck for supper

Blackest
Ecstasy
Beyond the boundaries
of pleasure

Sucking out eating raw flesh
Fuck you whore - we burn in blasphemy
For sex I'll use her lovely head
Delightful orgasm so deep in me

Blackest
Ecstasy
Beyond the boundaries
of pleasure

I spill out blackest blood
Prepare your return this place you'll never leave
Ich liebe es wie du dich mir
Von hinte effnest schwarz und kalt
Voll toter Romantik
Evil thoughts full of perversion
What a beautiful view when I scratch your bones
Das Blutopfer bestialisch rotverschmiert
Der Himmel ist unsere Helle
Das Martyrium der Todeshochzeit
