

Impaled Upon the Tongue of Sathan

Belphegor

Rise, rise from the deepest

Eyes of death awaken
The fields of skulls
Is the path of wisdom - die!

The confessional - is your casket - I blind you in
Winged flesh mutilation - burn the cross
Broken one by one - your angelic sworn oath

Impaled upon the tongue of sathan

Rise, rise from the deepest

Resurrection never coming
Savor my blood cum
Revel in - the choir of screams - die!

The confessional - is your casket - I blind you in
Winged flesh mutilation - fuck the church
Broken one by one - your angelic sworn oath

Impaled upon the tongue of sathan
Impaled are those that preach fear
