

## Closed Doors

Belvedere

Remember never needing sorted explanations,  
Never had to think about it  
Never had to wonder where you're coming from  
It's these complexities  
That scrambled our relations  
I wonder why we thought about an open door  
When all the walls were coming down

And it's sad you took me  
With the passion in your eyes  
But you never wanted  
A relationship this time

It's not a wait this time, now it's over  
All along, you were there  
But it's not going anywhere  
Don't explain, don't try cause it's over  
My memories, fixed in stone,  
Petrified and separated all alone

It's not arrangement fits together  
Don't you see  
But you felt that you were crowded,  
Your emotions won't allow another day  
I'd take deception but deception won't take me  
It's like a hundred open windows blowing freely  
While the walls are coming down

And it's sad you took me  
With the passion in your eyes  
But you never wanted  
A relationship this time

It's not a wait this time, now it's over  
All along, you were there  
But it's not going anywhere  
Don't explain, don't try cause it's over  
My memories, fixed in stone,  
Petrified and separated all alone

It's not a wait this time, now it's over  
All along, you were there  
But it's not going anywhere  
Don't explain, don't try cause it's over  
My memories, fixed in stone,  
Petrified and separated all alone
