### Belvedere

Just in time a brand new version a little buying power and a brand excursion well it all sucks subbumbed are we it's all relating back to a monopoly well if I buy I buy the farm it takes a lot of sway to take away the harm and come and touch the bright blue sky i'm always looking back and I know why we're on crashed concrete enough to take the flow and thus extreme we're on crashed concept curiosity makes us exempt and I don't know but I will bute the hand that makes it go we're on track en route conform today just in line to buy the version it doesn't take a lot to figues out the urgency it all makes alot of sence to try and push the buyer to fall off the fence and if I buy I buy the farm it takes alot sway to take away the harm and come and touch the bright blue sky i'm always looking back and I know why.
