

Two Minutes For Looking So Good

Belvedere

On the ice he's my favourite player
Ten goals a season, the game won't be the same
Made the trade, they sent him to Philly
We're the reason he'll never play here again, no

Let me tell you about aggression
Let me tell you things Don Cherry won't say
And I'm scared of his obsession
Meet you in the boards and end your day, your day

Face off man comes from Minnesota
Small Elk River, the game won't be the same
Won the Cup but never could land the
Hobey Baker, you'll never play here again, no

Let me tell you about aggression
Let me tell you things Don Cherry won't say
And I'm scared Of his obsession
Meet you in the boards and end your day

Let me tell you of his story
Let me tell you his intentions
Eighty-Nine in all his glory
Ran you in the boards he'd end your day
