

# Come Back

Ben Cristovao

I cant believe  
you are really gone  
And I need you in my arms  
I feeling so cold  
Here on my own  
And I don't know  
what I did wrong

Now that you're gone  
I'm feeling kind of lust  
and I need to be found  
You were my home  
I swear that I'm down  
with the messing around

I need you to  
Come back baby baby baby  
I'm on my own  
ooh own ooh own  
I need you in my life  
now baby baby baby  
Don't leave me  
alone ooh lone ooh lone  
( 2x )

Now that your gone  
Now that your gone  
I'm Writing this song  
This song for you  
( 2x )

You think im so wrong  
to leave you alone  
But I needed a man  
that's all my own  
I need you home  
But you chose to roam  
And now I wont dare  
pick up that phone

I don't want a piece  
I want it all  
You lust it came before your love  
Now your stuck up against the wall  
Longing for what you've lost  
I just won't

I need you to  
Come back baby baby baby  
I'm on my own  
ooh own ooh own  
I need you in my life  
now baby baby baby  
Don't leave me  
alone ooh lone ooh lone  
( 2x )  
Now that your gone  
Now that your gone

I'm Writing this song  
This song for you  
( 2x )

3-Card :

You Left me  
and my world just  
( stopped )  
Stepped out of my life  
and my heart beat  
( dropped )  
Now I miss bad  
what it was we had  
And I regret those day  
that I made you mad  
Please understand that  
I'm only a man  
And a man ain't perfect  
Only a person  
Trying to make us  
out of nothing  
While still trying to find  
love out of something  
You And me too  
We are gonna be fine  
Girl ignore the lies  
And stick to the truth  
I know I ain't blind  
I n my eyes I see  
perfection in you  
a lesson or two  
is what I've learned  
unconcerned my mistakes  
please let that burn  
one last turn,  
save the last dance  
and this time  
I swear il take  
my chance like

I need you to  
Come back baby baby baby  
I'm on my own  
ooh own ooh own  
I need you in my life  
now baby baby baby  
Don't leave me  
alone ooh lone ooh lone  
( 2x )

Now that your gone  
Now that your gone  
I'm Writing this song  
This song for you  
( 2x )

Come back
